

BOSS — All Electric Sprayers

Reduce Noise and Air Pollution. This quiet sprayer is able to work in the noise-controlled, high-end subdivisions with no exhaust emissions.

- **Includes:** Commercial P530 piston pump driven by an electric motor, powered by (4) sealed, deep cycle batteries with charging system, corrosion resistant electric hose reel package with roller guides and Do-All Spray Gun.
- A single charge will spray 600 gallons at 2 GPM @ 100PSI. That's 300,000 sq. ft.!

The GNC Space Saver tank design gives you the flexibility to transport the sprayer in your pickup truck or van and still have usable space.

- Available in 200, 300 and 400 gallon
- Environmental Friendly Sprayer
- Stainless Steel Frames
